After your payment is processed (typically within 1-3 days), you will receive a confirmation email with your ticket/s.

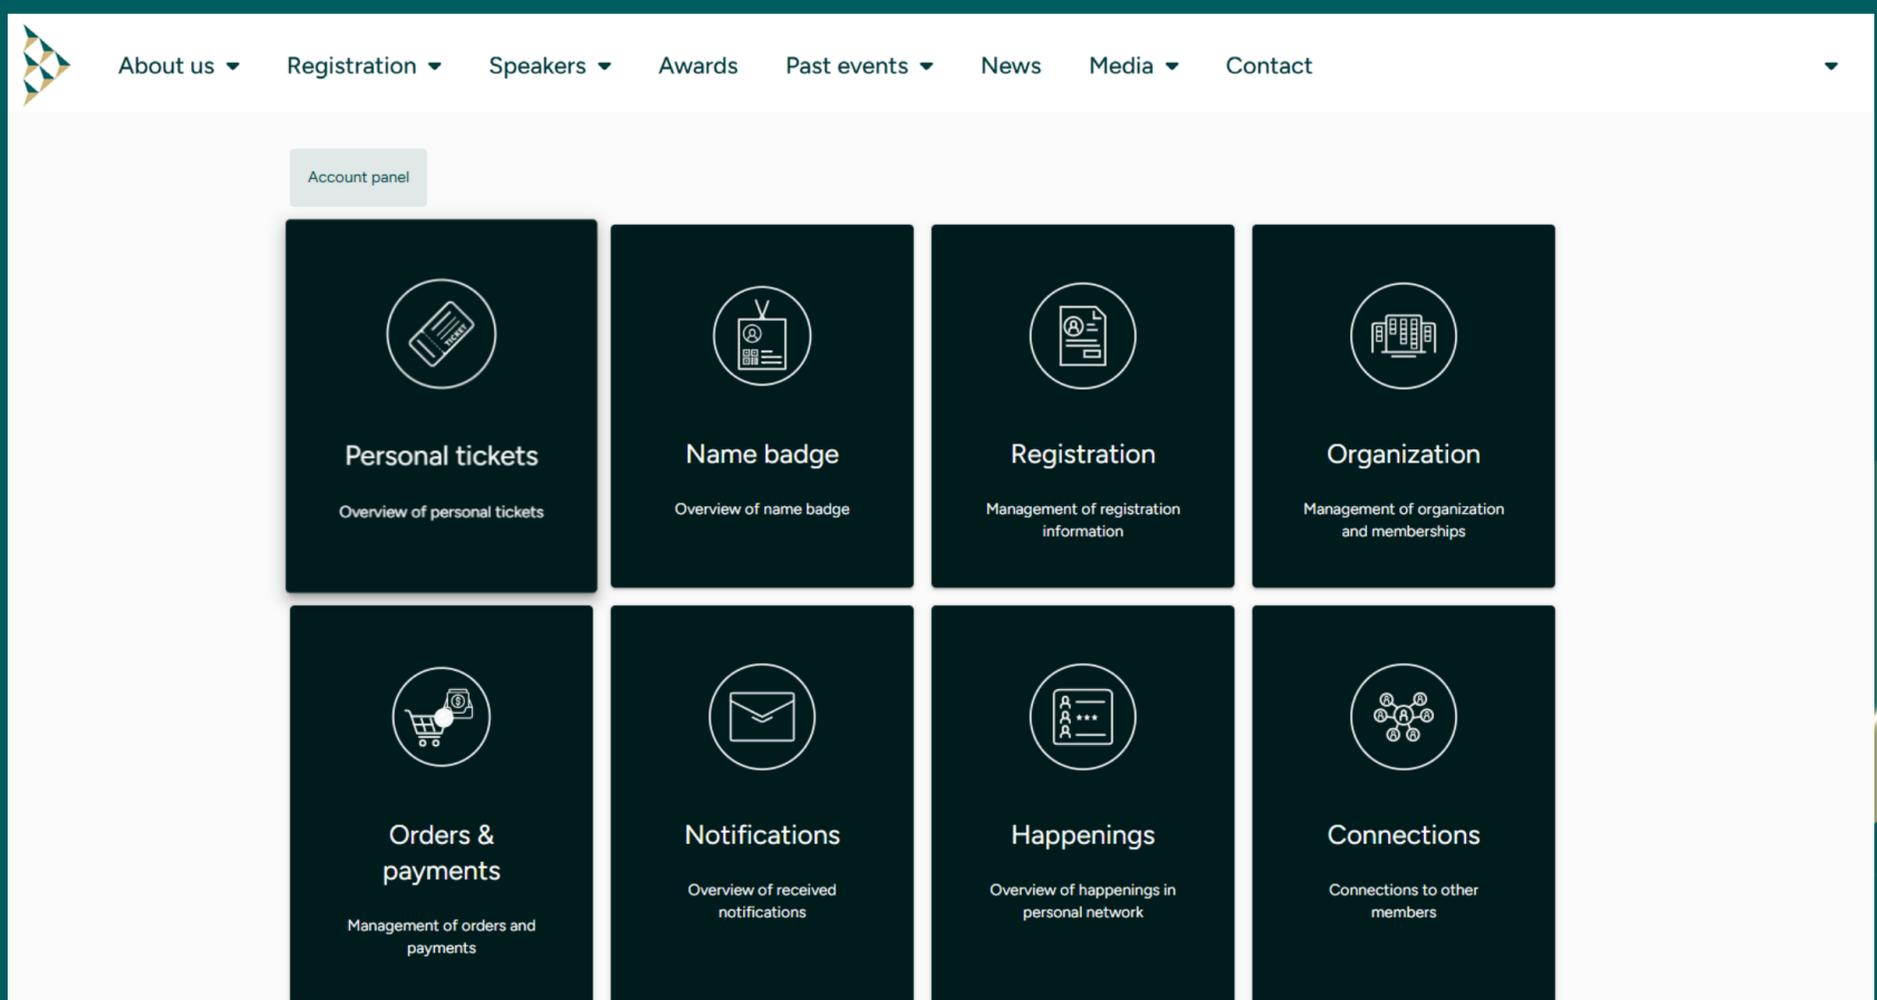

Single ticket purchase will automatically assign the ticket to the person whose details were used for. With this the registration is complete.

For multiple tickets orders, the organization representative who placed the order can either share the ticket codes with your members so they can register themselves or complete the registration for them in the Organization section of the account panel and then easily assign the tickets. After the tickets are assigned, the registration is complete.

You can access your tickets, orders, and payment details in the Orders and Payments section of your account panel, which you will find in the top right corner of our website.

By clicking on "Orders and payments" and then "Tickets" you can assign tickets to your previously registered members, as mentioned on page 5.
